

Legal Counsel / Patent Attorney

Position Information:

Location: Los Angeles, CA
Position Type: Full Time

recruitingmanager.com, Inc. is currently conducting a search for in-house corporate legal counsel for a large medical research company.

Job Description and Responsibilities:

The Legal Counsel will oversee the entire Intellectual Property portfolio (trademarks, patents & other IP), including establishing a patent process for the organization and developing an IP program and strategy.

Candidate Requirements:

- Design, develop and manage corporate invention & patent strategy and provide documentation of processes
- Manage patent queue and act as a liaison between inventors and outside counsel to ensure efficient processing of applications

Required Skills:

- A minimum of 4-5 years patent experience required (patent bar not required)
- Experience must be in a corporation (in-house experience required)
- License to practice in California
- Self-starter with the ability to work successfully with little supervision
